

VISION FOR TOMORROW

FOUNDATION

Helping those with low vision see a **World of Potential**

Strategic Plan 2023

MISSION

The Vision for Tomorrow Foundation (VFT) is committed to funding promising research on aniridia and albinism and supporting families affected by these conditions.

VISION

VFT seeks to empower people with low vision to have the confidence and ability to achieve their dreams.

VALUES

- EMPOWERMENT
- EMPATHY
- TRANSPARENCY
- INCLUSIVE
- COLLABORATION

GOALS

RESEARCH/ EDUCATION

VFT drives research to create meaningful changes in the care of aniridia and albinism

- Prioritize funding for most compelling and affordable projects
- Share news from ongoing projects
- Network with research community

FAMILY SUPPORT

VFT offers timely information and emotional support to families affected by aniridia

- Continue family calls for newly diagnosed
- Develop a family advisory board
- Increase outreach to the aniridia community to ensure understanding of what VFT offers
